

**Massachusetts**  
**Interfaith Power & Light**

## **USE GAS? GOOD ENERGY STEWARDS? WANT TO PAY LESS?**

Here's a solution.

Have your gas supplied by *Metromedia Energy*.  
You'll save in the 20% range price wise.

**MME** is an independent energy marketer.

MME contracts for natural gas on virtually a daily basis, enabling very competitive pricing.  
This lower price is passed on to the customer.

### **YOU ARE ELIGIBLE if...**

- Your facility uses 5,000 or more therms of natural gas annually

### **STEPS TO TAKE**

- Assemble your most recent gas bill, your Tax ID # and your tax-exempt letter. The tax-exempt letter ensures you won't pay sales tax for the gas you buy.
- Call Dave Merringer at 1-800-490-4427 ex 114, or email at [dmerringer@msiutilities.com](mailto:dmerringer@msiutilities.com)
- Tell him you want to be part of the **MIP&L/MME** program, and then...
- He will walk you through the steps.

### **WHAT WILL HAPPEN**

- You'll get a fixed-price contract for gas for a specified period (6, 12 or more months)
- You'll get a monthly bill from MME for natural gas.
- You'll continue to receive a bill from the local gas company for delivery. Being the means of transportation is how the gas company makes money, so they're happy!
- The gas company will read the meter, maintain pipes, and respond to emergencies.

Use the money you save to invest in **Environmental Stewardship** efforts for your congregation, including **Green Electricity**. Go to [www.CleanEnergyChoice.org](http://www.CleanEnergyChoice.org)
